DATA NEEDS MEANING

What gives our data meaning?

Data when you need it

Meaningful data must be actionable. To be actionable, it must be timely.

You need to have it when you need it.

Data where you need it

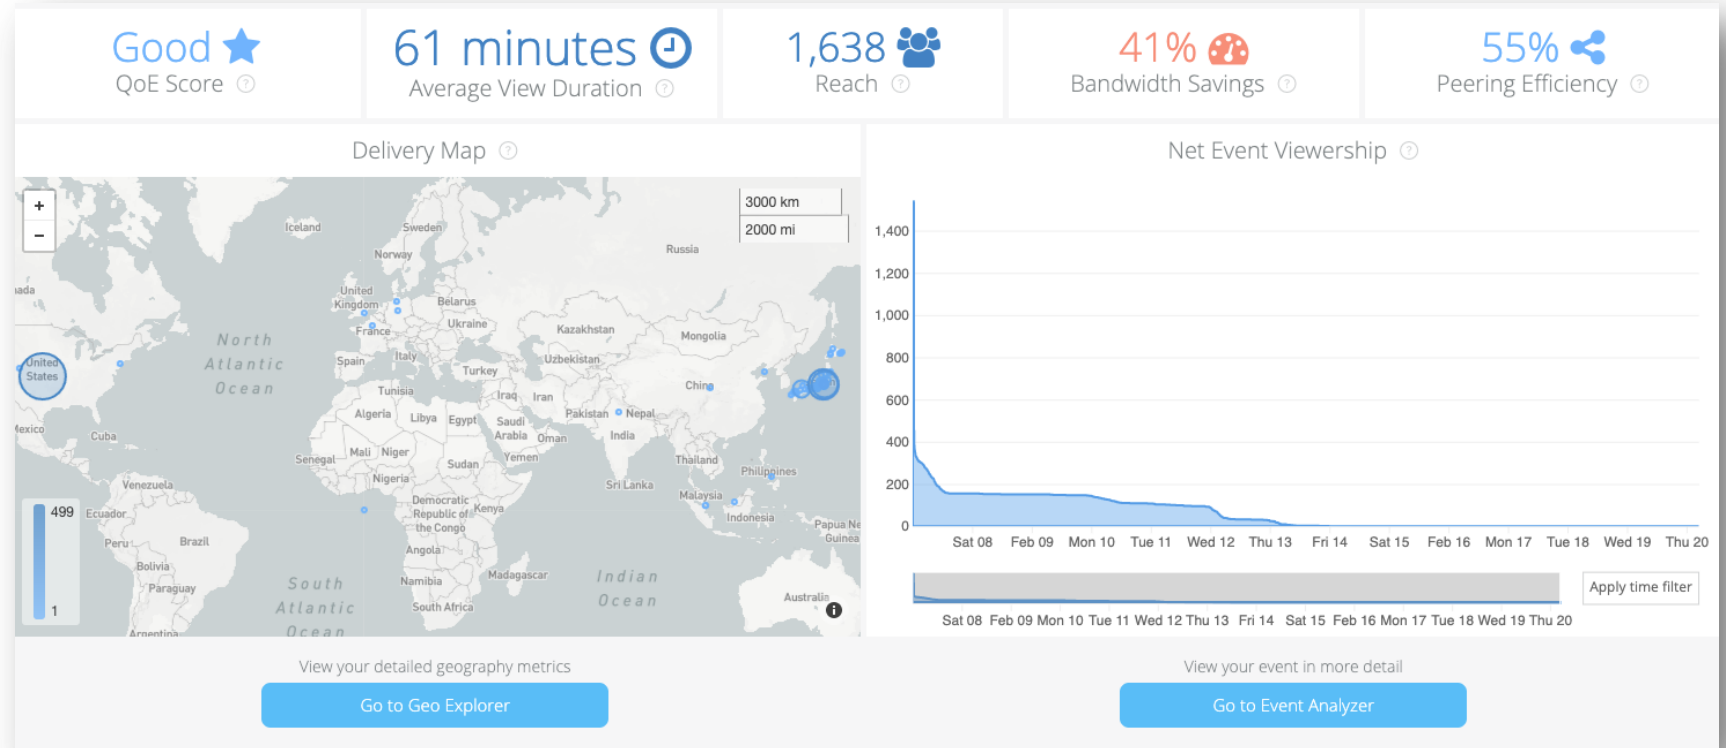

A dashboard that buries data is useless and meaningless.

You need to have it where you need it, and where the decisions are being made

MEANINGFUL (and EASY) KPIs

Southeast Asia Business Unit Strategy Planning Event

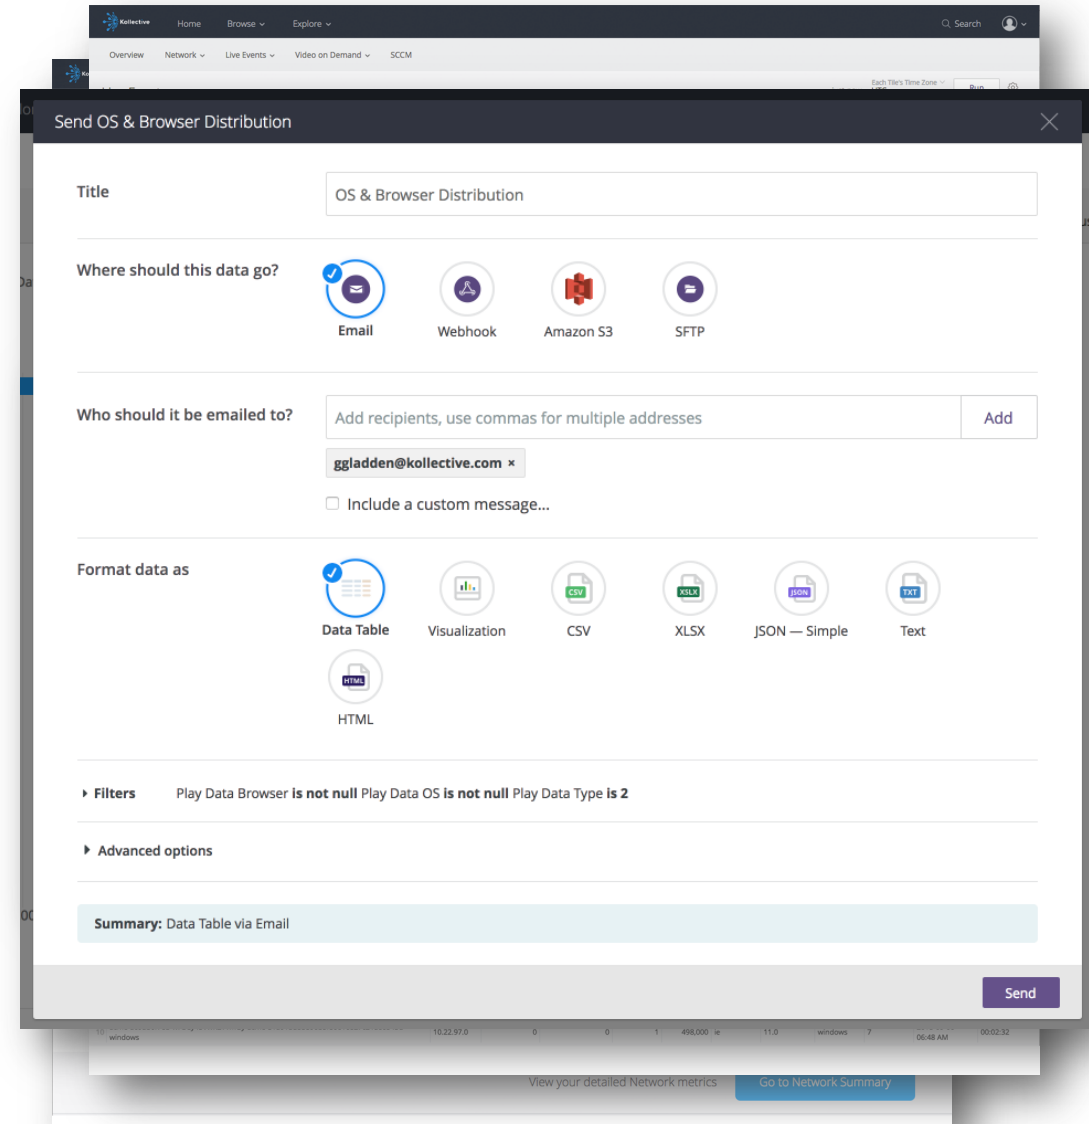

- High-quality video
- High reach
- High savings
- Detailed delivery map
- Interactive Timeline

TEAMS + KOLLECTIVE IQ

Kollecive IQ is *the* enterprise business-ready platform
